

Shelagh Maloney, Vice President, Consumer Health, Communications and Evaluation Services, Canada Health Infoway

Shelagh Maloney is responsible for driving the implementation and adoption of patient-centred digital health solutions and patient engagement activities. She oversees evaluation efforts that measure the benefits of digital health investments in Canada and leads the development and execution of all of Infoway's communications and marketing efforts.

Prior to assuming her current role, she held a number of executive positions in the public and private sectors where she honed her relationship management and business development skills.

Shelagh holds a B.Sc. in Applied Health Sciences from the University of Waterloo and is a Certified Professional in Health Information & Management Systems (CPHIMS-CA). She is a member of the Board of her Local Health Integration Network. She has been Vice Chair of the International Health Terminology Standards Development Organization Management Board and President of COACH: Canada's Health Informatics Association.
