Looking into government funding and business incentives?

For businesses that are looking for government funding (grants, incentives, tax credits) or private sector funding (debt, equity, financing, capital) – you might be interested in looking into [Fundingportal](#). Using SaaS (software as a service) it provides cloud-based services for licensees, including business incentives advisory firms, economic development agencies, industry associations and accelerators. Click on the links below for more information, or visit <https://ca.fundingportal.com>

Get Government Funding

ERA holds \$35M Industrial Efficiency Challenge

The Government of Alberta has launched the new \$35M ERA Industrial Efficiency Challenge to help reduce GHG emissions. [More >](#)

Funding Fact: Applicants don't need to be located in Alberta, but projects must involve a LFE facility or a significant partner in the province. [Follow updates on Twitter >](#)

Alberta launches new tourism program

The \$1M Tourism Growth Innovation Fund (TGIF) will expand Alberta's tourism offerings, with a focus on winter and shoulder-season tourism development, rural projects and Indigenous cultural experiences. [More >](#)

Enabling Accessibility Fund accepting applications

Nonprofits, Indigenous organizations, municipalities and territorial governments are invited to apply for funding for retrofit, renovation or new construction projects of accessible facilities or venues through the 2018 Enabling Accessibility Fund (EAF) call for concepts (CFC) for mid-sized projects. [More >](#)

QP Briefing. How Ontario stakeholders reacted to the budget

Budgets make strange bedfellows. Small businesses, public sector unions and the C.D. Howe Institute all landed, oddly, on the same page. [More >](#)
