ITAC welcomes new members

ITAC is pleased to welcome the following new members to the Association. Below is a brief overview about each organization, as well as links to their website to learn more.

Aequitas NEO Stock Exchange

The NEO Exchange (NEO) is Canada's next generation stock exchange, putting the needs of investors, businesses looking to raise capital and dealers first. Launched in March 2015, the NEO Exchange currently offers an innovative trading venue to trade all Canadian securities. It also has a value added listing platform for capital raising companies and investment products, offering unique liquidity, transparency and efficiency benefits. To learn more visit: <https://www.aequitasneo.com/en/connect/neo-connect>

Enercare Inc.

Enercare is headquartered in Markham, Ontario, Canada and is publicly traded on the Toronto Stock Exchange. As one of North America's largest home and commercial services and energy solutions companies with approximately 4,700 employees under its Enercare and Service Experts brands, Enercare is a leading provider of water heaters, water treatment, furnaces, air conditioners and other HVAC rental products, plumbing services, protection plans and related services. With operations in Canada and the United States, Enercare serves approximately 1.6 million customers annually. Enercare is also the largest non-utility sub-meter provider, with electricity, water, thermal and gas metering contracts for condominium and apartment suites in Canada and through its Triacta brand, a premier designer and manufacturer of advanced sub-meters and sub-metering solutions. For more information on Enercare visit www.enercare.ca.

ExceliTR

Since 1989, excelITR has been locating IT professionals of exceptional quality for short and long-term roles. Its contract recruitment centers on matching clients' needs with talented resources who can parachute into a project or organization and provide effective results with minimal ramp up. Their permanent recruitment balances the need for the right technical skills with the personal attributes that fit the organization. ExceliTR provides IT recruitment to all levels of government and we are proud to partner with leading private sector firms in a variety of industries,

including IM/IT, education, healthcare, nonprofit, insurance, banking and manufacturing, to name a few. Visit <https://www2.excelitr.com/About/AboutUs> to learn more.

Hydro One Telecom

Hydro One Telecom delivers high capacity telecommunications solutions to service providers, small and medium businesses, enterprises, wholesalers and public sector organizations via an expansive fiber-optic network in Ontario extending into Montreal and the United States. Hydro One Telecom provides high-speed data networking services for Network-to-Network, Cloud-to-Cloud, Network-to-Cloud and Data Centre-to-Data Centre business requirements and is a wholly-owned subsidiary of 2486267 Ontario Inc., which in turn is wholly owned by Hydro One Limited. For further information: www.HydroOneTelecom.com.

MongoDB

MongoDB is the leading modern, general purpose database platform, designed to unleash the power of software and data for developers and the applications they build. Headquartered in New York, MongoDB has more than 5,700 customers in over 90 countries. The MongoDB database platform has been downloaded over 35 million times and there have been more than 850,000 MongoDB University registrations. Learn more: <https://www.mongodb.com>.
