Strategies to Close the Gender Gap Alberta Women in Leadership Series: Building Loyalty among Customers and Employees

Please share this Women in Leadership event notice with your Calgary-based colleagues, friends and family. This is a not-to-be missed event!

Easily, elegantly and almost imperceptibly, the way we pay for things has changed. We are no longer hindered by a ballast of coins at the bottom of our handbags and pockets. Payments today - for everything from our morning bus ride, to our transfusions of coffee, to our business essential like phones and computers – occur with the swipe of a card or with the press of a button.

[Angela Brown](#), President and CEO of Moneris Solutions, has spent her career in the forefront of the electronic payments industry, influencing and leading its evolution in Canada. She will share her perspective on the present and future of this technology and on the broader fintech industry in general at the next ITAC /WCT Women in Leadership event. In conversation with Lisa Carroll, Senior Vice-president of CGI and co-chair of ITAC’s Gender Diversity Forum, Angela will also reflect on the personal philosophy and career strategies that helped her succeed.

Throughout the year ITAC and WCT collaborate to produce the [Women in Leadership](#) series featuring some of the most dynamic and inspiring leaders in Canada’s technology industry.

This is the first time this series will be presented in Alberta. It will offer a unique opportunity to hear from an accomplished and thoughtful technology CEO about her career journey. The program will also feature a special networking reception hosted by CGI.

Angela’s presentation will be informative and inspiring. Through the generous support of Cenovus Energy, it will take place in one of the most spectacular venues in Calgary. It promises to be a great event. We hope you can [join us](#).

Presenter

Angela Brown is President and Chief Executive Officer of Moneris Solutions. She is responsible for continuing to build Moneris' leadership position in the North American marketplace, strengthening its position in the mobile payment space, and expanding its strategic and customer partnerships.

Ms. Brown is an experienced executive with more than 25 years in the payments industry, including merchant acquiring, consumer and commercial payment products, payment processing and merchant acceptance.

Prior to joining Moneris, Ms. Brown was Group Executive, Enterprise Development, Merchants & Acceptance, for MasterCard Worldwide. She was responsible for cultivating MasterCard's relationship with merchants, creating new merchant value propositions and expanding the reach of MasterCard's network.

Previously, Ms. Brown spent 13 years at the Canadian Imperial Bank of Commerce (CIBC) within the ATM and Cards divisions, attaining the role of Senior Vice President of Payment Products.

Ms. Brown is the recipient of the Electronic Transactions Association's 2015 Distinguished Payments Professional award, an award which recognizes industry leaders that contribute to positive change and best practices in the payments industry. In addition, Ms. Brown sat on the Board of Vital Processing Solutions, which provided merchant acquiring processing services to U.S. financial institutions (and is now wholly-owned by TSYS). She also served as a Board Director on the Transition Board of Acxsys Corporation, guiding Interac debit network strategies in Canada from 2008 to 2010.

Ms. Brown is currently enrolled in the Directors Education Program at the Institute of Corporate Directors, and holds a Master's degree in Business Administration from the Schulich School of Business at York University in Toronto.
