ITAC welcomes new members

ITAC is pleased to welcome the following new members to the Association. Below is a brief overview about each organization, as well as links to their website to learn more.

Commerce Decisions

Commerce Decisions' mission statement is to "Make a difference by helping people around the world benefit from the right procurement decisions being made on important projects". They do this by delivering best practice solutions to support both buyers and bidders deliver the

best possible outcome. Their AWARD® procurement evaluation software, thought-leadership and expert services support strategic, complex, high risk sourcing projects. The AWARD® suite is a collaborative web-based solution set designed specifically to support strategic procurement projects. AWARD® delivers consistent repeatable processes for both project and organization deployments. It has been proven to reduce time to contract, improve value for money, and reduce risk. AWARD® delivers intuitive and robust assessments with a strong audit trail; supporting a diverse range of applications including construction programmes, transport and defence systems, IT outsourcing, collaborative frameworks and multi-lot projects.

The AWARD® solution has been used globally by the defence, aerospace and utilities industries, healthcare and local and central government in a wide range of procurement of differing sizes and complexity, collectively worth over \$350 billion.

NexJ Health Inc.

NexJ Health Inc. is a provider of patient-facing population health management solutions that deliver patient engagement for chronic disease management. At NexJ Health, we believe that the most efficient and cost-effective way to offset the rise in chronic disease is to empower patients, with the support of their families, friends, and healthcare professionals, to actively participate in managing their own chronic condition(s). By engaging patients through NexJ Connected Wellness, patients are more likely to achieve their health goals, payers can lower costs, providers can improve care to patients, and pharmaceutical manufacturers and pharmacies can improve medication adherence.

Revolution Recycling

Revolution was founded in 2012 with a mission to service small, medium and large businesses and organizations to conveniently and securely recycle their electronics. Revolution was purchased by [Shift Recycling](#) in 2015, giving us a chance to do more for more people in more places. In 2016, Revolution set up our first (of many) satellite office through the purchase of Ottawa-based electronics recyclers Ottawa Computer Recyclers and TTER.
