ITAC welcomes new members

ITAC is pleased to welcome the following new members to the Association. Below is a brief overview about each organization, as well as links to their website to learn more.

Innogov Canada

InnoGov Canada is a not-for-profit organization focused on changing the culture in the Government of Canada technology community through advocacy, innovation and collaboration. It brings together government, industry, unions, associations, and academia in pursuit of its goals.

InnoGov^{ca}

InnoGov Canada participates in key industry events, public servant advocacy, collaboration, procurement modernization, workshop delivery, and leading-edge technology projects to help improve the overall technology landscape and ultimately improve delivery of services to Canadian citizens.

Novari Health

Novari Health™ focuses exclusively on “access to care” or how patients enter and move through a health care system. Using air traffic control like functionality, the Novari Access to Care Platform includes a series of integrated modules. It is the only system available that is capable of electronically managing the complete continuum of care from primary care (wait 0) to specialist care (wait 1), hospital-based care (wait 2) and onto post-acute care (wait 3) services.
