- TELUS CORPORATION, TELUS Harbour, 25 York Street, 3<sup>rd</sup> Floor, Executive Boardroom, Toronto M5J 2V5
- 8:30-9:30 a.m.

## REGISTRATION

### About Karim Ramji

As CIO at Kinark Child and Family Services, Karim Ramji is leading a digital transformation with a focus on hybrid cloud, Cyber Security, Internet of Things and interoperability of big data systems.

Karim Ramji has two decades of leadership experience in IT delivery, project management, consulting, managed service and software package implementations in both the public and private sectors, working with companies such as Deloitte, CGI, Loblaw, CAMH, Rogers, SAP Americas and Aga Khan Foundation.

Karim Ramji has been featured in magazines such as Canada Health Technology and IT World Canada and was a finalist for the Canadian CIO of the Year, ITWC in 2017. He holds his Masters in Project Management from York University, Schulich School of Business, and has demonstrated his passion for volunteerism over his career with a specific focus on international development, child and youth mental health and youth sports.
