ITAC to launch AI Pathways Initiative: Seeking strategic partners

Awareness and capacity building for AI talent development significantly trails employer demand creating considerable impacts to both the economy and society. Despite news reports of AI skills shortages and job opportunities, learning pathways and career strategies aren't all that clear to today's youth. In addition, interested students face a dearth of learning opportunities.

AI Pathways is an ITAC Talent initiative that will spread the word about the endless possibilities of today's AI careers and post-secondary educational opportunities. Agorize, Microsoft Canada and RBC are founding partners and will play an integral role in the advancement of the AI Pathways Initiative.

ITAC is currently seeking strategic partners for the AI Pathways initiative. The partners will drive the agenda and influence this initiative. By advocating for AI Pathways and demonstrating thought leadership you can help facilitate change.

For those interested, ITAC is seeking a two-year commitment for \$20,000 per year for Large Enterprise and \$5,000 for all SMEs/Start-ups.

Contact Wilna Behr, Program Director AI, ITAC, at wbehr@itac.ca to learn more.
