DE LA TECHNOLOGIE DE L'INFORMATION

*ITAC Industry Insider Newsletter*

September 13, 2019

## ITAC welcomes new industry leaders as members!

Recently, ITAC welcomed five new members to the Association. These members include: **Accion Labs, Kelly Services, Levio, Pluralsight, Tenable and UiPath**. Details about each member can be found below.

### Why join ITAC?

The key benefits of an ITAC membership includes our advocacy, networking and professional development opportunities. Members are also encouraged to exercise their membership by joining a committee and helping build the strength of our messaging to advocate for a strong digital society for the benefit of all Canadians. This includes influencing our submissions on policy issues and the legislative process; helping to accelerate innovative ICT adoption in all dimensions of the Canadian economy (government, healthcare, enterprise and SME businesses in all sectors) to demonstrate world-class excellence in the use of technology; and creating high-value relationships and business partnerships with industry, academic and government leaders through business and networking events.

If you have any questions about your membership – or would like to recommend an industry peer – contact ITAC’s Director of Membership, Mariana Kutin Morais at [mkutin\\_morais@itac.ca](mailto:mkutin_morais@itac.ca).
