As a reminder, each year, ITAC hosts the annual ***ITAC Ingenious Awards Program and gala***, which includes the ***ITAC CanadianCIO of the Year Awards***.

This year's event will be held at the **Omni King Edward Hotel on November 27<sup>th</sup>**. The networking reception will be held from 5:30 p.m. to 7:30 p.m., and the awards presentations will take place between 7:30 p.m. and 9:30 p.m.

Buy a table or come as a single as this is a great networking event.

Each year, this event showcases the 'best of the best' individuals and organizations from across the country that are using technology to innovate in a way that brings about significant change and disruption. Past winners come from the healthcare, financial, interactive technology, enterprise mobility and construction spaces. They include large and small businesses, large and small government operations and not-for-profit organizations.

ITAC also partners with CanadianCIO (published by IT World Canada) to recognize overall excellence among Canada's community of Chief Information Officers called the *ITAC CanadianCIO of the Year Award*. Two awards will be presented, one for a private sector and one for a public sector CIO. In both cases, the awards recognize CIOs who have demonstrated business and technological vision, entrepreneurship, a capacity to drive enterprise transformation and a measurable operational strength that delivers shareholder or stakeholder value.

For additional information, including details on sponsorship, please contact [Christine Leonard](#).
