## ITAC Health joins ACCESS 2022 to help transform care

As new technologies have emerged that have transformed the way we live and work, Canada's health system hasn't always kept up. We believe that, together, we can create a 21st century, patient-centric health system. With that in mind, ITAC Health has recently joined the [ACCESS 2022 movement](#).

ACCESS 2022 is a social movement, one where Canadians have access to their health information and digitally-enabled tools and services to better manage their own care. [ITAC Health is pleased to join other organizations](#), including industry, health care providers and Canadians, to transform care.

ITAC Health will continue to keep members apprised of any updates and ways they can get involved going forward.
