## ITAC to host Executive Briefing Breakfast with Paul Glover, President, SSC

On December 2, 2019, ITAC will host an Executive Briefing Breakfast with [Paul Glover, President, Shared Services Canada](#) (SSC). The Breakfast event will be held at the Shaw Centre in Ottawa from 8:00 to 10:00 a.m.

To achieve its digital government vision, the Government of Canada has set digital standards and released the 2018-2022 Digital Operations Strategic Plan, which together, put users and their needs at the heart of everything they do and leverages the latest digital technologies to deliver high-value services to Canadians. While there is no single “one-size-fits-all” approach for Government of Canada digital services, SSC is working with federal partners and clients to improve the user experience by consolidating, modernizing and standardizing. This will result in economies of scale, more secure and reliable services, faster turnarounds, enhanced collaboration, and reduced risk – ultimately, better serving Canadians.

During the Briefing, Paul Glover will provide an update on SSC 3.0 and their go-forward strategy.
