Upcoming Speakers & Panelists include:

- [Josie Scioli](#), Deputy City Manager, Corporate Services and Chief Technology Officer, City of Toronto
- [Lawrence Eta](#), Chief Technology Officer, City of Toronto
- [Angela Copeland](#), Director, Digital Strategy & CIO, Toronto Public Library
- [Kush Sharma](#), CISO, City of Toronto
- [Mike Pacholok](#), Chief Purchasing Officer, City of Toronto

City of Toronto IT leaders and their teams work with TECHNATION staff and the Ontario Public Sector Business Committee to design and implement a series of programs and events in an open and transparent value exchange between industry and government. The goal is to share information and opportunities as well as identify IT challenges and solutions. Please join us at this event to learn how the IT vendor community can better support government business and cultivate more effective citizen-centred service delivery.

The benefits for TECHNATION and its member community are extensive. These briefing events provide members with a forum to engage with government, hear first-hand their updates and learn about opportunities and future plans in a fair and equitable manner.

It also provides an opportunity for vendors to establish contacts with government officials whom they might not otherwise have the opportunity to meet.
